Berlin, *21.* April 2020

To whom it may concern

The Coronavirus is regarded as a major health risk and the German Government is taking decisive action to stop the future spread and strengthen health services in all possible ways to be able to treat patients as it will be necessary.

The German Government therefore requests the support of action to stop the future spread of it. In this context we are asking for your support to ensure and maintain the production capacities of the company

- KMT Kohlen-Medizin-Technik e.K.

This company has to contribute to an urgent purchase order for invasive and non-invasive ventilators to enhance the national health system and to support other European Countries as well.

It is very important that you take this request seriously and consider to grant the best possible support. If you have any questions in regards to this request, please do not hesitate to contact Thomas Müller, Head of Department for pharmaceuticals, medical devices and biotechnology Federal Ministry of Health Germany, e-mail-address [thomas.mueller@bmg.bund.de](mailto:thomas.mueller@bmg.bund.de)

Kind regards

*Thomas Müller*
